TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Trademark Security Agreement**”) dated February 15, 2012, is made by the Persons listed on the signature pages hereof (collectively, the “**Grantors**”) in favor of Citicorp North America, Inc., as Agent (the “**Agent**”) for the Secured Parties (as defined in the Credit Agreement referred to below).

WHEREAS, Eastman Kodak Company, a New Jersey corporation, a debtor and debtor-in-possession in a case pending under Chapter 11 of the Bankruptcy Code (as defined in the Credit Agreement), has entered into a Debtor-in-Possession Credit Agreement dated as of January 20, 2012 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Credit Agreement**”), with Citicorp North America, Inc., as Agent, and the Lenders party thereto. Terms defined in the Credit Agreement and not otherwise defined herein are used herein as defined in the Credit Agreement.

WHEREAS, as a condition precedent to the making of Loans and the issuance of Letters of Credit by the Lenders under the Credit Agreement, each Grantor has executed and delivered that certain US Security Agreement dated January 20, 2012, made by the Grantors to the Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”).

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this Trademark Security Agreement for recording with the United States Patent and Trademark Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

SECTION 1. Grant of Security. In addition to the security interest set forth in the Interim Order (and when applicable, the Final Order), each Grantor hereby grants to the Agent for the ratable benefit of the Secured Parties a security interest in all of such Grantor’s right, title and interest in and to the following (the “**Collateral**”):

- (i) the trademark and service mark registrations and applications set forth in Schedule A hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby;
- (ii) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the

world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

(iii) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(iv) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.

SECTION 2. Security for Obligations. In addition to the security for the payment of the Secured Obligations to the Secured Parties provided by the Interim Order (and when applicable, the Final Order), the grant of a security interest in the Collateral by each Grantor under this Trademark Security Agreement secures the payment of all obligations of such Grantor now or hereafter existing under or in respect of the Loan Documents, and the Secured Agreements, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest (including interest accruing during the pendency of the Cases, regardless of whether allowed or allowable in such proceedings), premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise (including monetary obligations incurred during the pendency of the cases, regardless of whether allowed or allowable in such proceedings). Without limiting the generality of the foregoing, this Trademark Security Agreement secures, as to each Grantor, the payment of all amounts that constitute part of the Secured Obligations and that would be owed by such Grantor to any Secured Party under the Loan Documents and the Secured Agreements but for the fact that such Secured Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Loan Party.

SECTION 3. Recordation. Each Grantor authorizes and requests that the Commissioner for Trademarks and any other applicable government officer record this Trademark Security Agreement.

SECTION 4. Execution in Counterparts. This Trademark Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This Trademark Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 6. Governing Law. This Trademark Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York and (to the extent applicable) the Bankruptcy Code.

IN WITNESS WHEREOF, each Grantor has caused this Trademark Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
